

IRONWOOD MFG. DID YOU KNOW

Ironwood Manufacturing will provide **FREIGHT QUOTES**

Small Parcel:

- We use UPS and FedEx for rates and delivery quality on products that meet their weight and size requirement.

LTL:

- Less than Truck Load shipments, we have discounts with over 20 trucking companies through out the country who provide us with the best rates and service to a given area

Medium between size shipments:

- Our traffic department will also look to see if we can pool medium orders together to speed transit times or reduce freight costs. This is done by using our x-dock locations in Indianapolis, Baltimore and Atlanta.

Full Truck Loads:

- On full truckloads we work with several freight brokers to achieve the best rate possible from our dock to your destination.
